European Journal for Dental Implantologists

2020

Effective 1 Jan 2020

**EDI** Journal

## Profile

EDI Journal as the official member magazine of EDI – European Association of Dental Implantologists – is the first and only European professional journal of its kind for clinicians with a distinct interest in dental implantology. The specific dental section of this periodical offers a wealth of original work, case reports, scientific research and other articles presented by international authors, all helping to make this top-quality platform a truly international voice in dental implantology. A peer-reviewed scientific journal, EDI Journal is also a platform for product innovations, new technologies, techniques and methods.

Leading dental implantologists are offered exhaustive information on important ancillary themes such as European standards, quality guidelines, legal advice, questions of remuneration and professional qualification and specialization. With a large number of EDI partners throughout Europe, EDI Journal offers direct access to cutting-edge knowledge and places technical excellence and the intra-European exchange of knowledge at the centre of attention, striving towards continual advances in implant education and the creation of pan-European standards and compliance for a progressive harmonization of dental implantology in Europe.

### ⊙ General information

- **Printing:** Offset printing
- **Submissions:** Material must be received no later than two weeks before the publication date.
- **Quantity to be submitted:** Print run + 5%
- **Delivery address for inserts:** The delivery address for inserts will be communicated on your order confirmation. Please note the title and issue of the journal (e.g. EDI 1/2020) on the waybill.

### ⊙ Inserts

We need a definitive pattern, or a blind model with accurate sizes and weight, if necessary, for order acceptance. Inserts must meet the postal requirements, specifically, they must not be confused with editorially content. Inserts will be placed at the publisher's discretion and in accordance with the technical possibilities.

Inserts will be inserted loosely. Maximum insert size is 205 x 290 mm. Any post-processing that may be required will be billed separately. If a material other than paper is to be used, please contact the publisher regarding the postal requirements. Split-run inserts (e.g. inserts for specific postcode zones only) are available on request.

### ⊙ Postcards and samples of merchandise

Glued-on postcards or merchandise samples are billed like inserts. For an order to be accepted, an advertisement mockup including the postcard or the merchandise sample must be presented. Postal approval may also have to be obtained. The pasting edge should always be parallel to the gutter. Sizes: Minimum: 90 x 140 mm (W x H), Maximum: 125 x 235 mm (W x H).

### ⊙ Digital print material

- **General:** Do not send your material as an open file, but as EPS, TIFF (minimum 300 dpi) or PDF and inject the fonts into the file. If this is not possible, please enclose the fonts.
- **Data transmission:** Via email to [s.krischik@teamwork-media.de](mailto:s.krischik@teamwork-media.de) or via FTP (Access data available on request by email to [s.krischik@teamwork-media.de](mailto:s.krischik@teamwork-media.de))
- **Artwork:** Coloured images in the CMYK colour space (PSO Coated V3) in TIFF or EPS formats. No JPEG encoding in EPS please. Image resolution: 300 dpi (for 100% reproduction), stripes: minimum 1,000 dpi (ideally 1,200 dpi).
- **Colours:** Please work within the CMYK colour spectrum. If required, send process colours in an extra file using an exact notation (to be arranged with the publisher in advance).

When submitting digital print material via paper mail, add obligatory colour proofs or print proofs.
